## ITR WARRANTY STATEMENT

**Warranty cards must be filled in completely, signed by the Owner and Dealer and returned to ITR within 30 days of the date of the original installation. This warranty is not transferable by the Owner.**

ITR warrants the *HURRICANE*® water jacket to be free from defects in materials and workmanship under design usage and service conditions for three (3) years from the date of completion of the installation or three thousand (3,000) hours of operation, whichever comes first. All other accessories, components supplied or installed in the heater shall be covered by the manufacturer's warranty for a period of two (2) years or two thousand (2,000) hours from the date of the manufacture of that component. Warranty replacement parts are covered for the remainder of the Heater's warranty or ninety (90) days, whichever is greater.

**This warranty does not apply to damage or failure of the Heater, or the vessel or vehicle into which it was installed, due to improper installation, assembly, maintenance, or abuse, accident, or the use of parts not supplied by ITR.**

The purchaser and installer are advised that specific rules and regulations may be in effect with respect to the installation of the *HURRICANE*® heater. It is the installer's responsibility to review and comply with all such rules and regulations.

Non-standard installations, that is, those requiring a departure from published installation instructions, should not be undertaken without first having consulted and obtained the written approval of ITR. Coverage for warrantable parts will, at the discretion of ITR, be made to the claimant in the form of repair, replacement, or credit.

**Heaters installed without ITR's or an authorized Dealer's approval will be limited to a 90 day warranty measured from the date of the completion of the installation and so registered, or 250 hours of operation, whichever comes first.**

**The following warranties are in lieu of all warranties and conditions. ITR makes no other warranties, representations or conditions, express or implied, and there are expressly excluded all implied or statutory warranties or conditions of merchantability of fitness for a particular purpose and those arising by statute or otherwise in law of from a course of dealing or usage of trade.**

...../OVER

**The stated express warranties are in lieu of all liabilities or obligations for damages arising out of or in connection with the delivery, use, performance, or licensing of the product or in connection with any services performed. In no event whatsoever, shall ITR be liable for indirect, consequential, exemplary, incidental, special or similar damages including but not limited to lost profits, lost business revenue, failure to realize expected savings, other commercial or economic loss of any kind or any claim against ITR by any other party arising out of or in connection with the sale, delivery, use, performance, or repair or in connection with any services performed, even if ITR has been advised of the possibility of such damages, whether based upon warranty, contract, or negligence. ITR's maximum liability shall not in any case exceed the contract price for the products claimed to be defective.**

**No one is authorized to increase, alter, or enlarge ITR's responsibilities or obligations under these warranties. Warranties are void if the original serial number has been removed or altered, or cannot be readily determined.**

Before the expiration of the warranty, the Owner must give notice to a registered **ITR** Dealer of failures, if any, considered to be warrantable and deliver the defective Heater to such dealer. The Owner is responsible for all repairs made to the engine, equipment, vessel, or vehicle in which the Heater is installed, other than the **HURRICANE®** Heater. The Owner is responsible for lodging, meals, and other incidental costs incurred by the Owner as a result of a warrantable failure. The Owner is responsible for "down time" expenses, and all business costs and losses resulting from a warrantable failure.
